- **Modern High School** — Chilakaluripet, India
  Secondary School Education; GPA: 9.8 — 2018 - 2019

Skills Summary

- **Languages**: Python, JAVA,Javascript
- **Libraries/frameworks**: HTML, CSS, ReactJS(basics),Angular.js(basics)
- **Tools**: GitHub, VScode, Eclipse, Postman, Adobe XD, Figma
- **Soft Skills**: Leadership, Event Management, Writing, Public Speaking, Time Management
- **Design Principles**: Responsive Design, Cross-Browser Compatibility

Experience

- **Front End developer** — Remote
  Student Intern - Learntricks.edutech — Feb 2024 - Mar 2024

  Developed a website from scratch using HTML, CSS, and JavaScript, focusing on user-friendly design and responsive functionality.Gained valuable hands-on experience in web development, strengthening my skills in front-end technologies and problem-solving.Grateful for the opportunity to contribute to the organization, which provided me with practical knowledge and a deeper understanding of the development process

Projects

- **Moisture Detection In Sanitary Pads(Internet of Things)**:
  The Moisture sensors embedded in the sanitary pads continuously monitor moisture levels. Once the predetermined limit is exceeded, a notification is instantly sent to the user's mobile device, ensuring timely and discreet awareness.

- **Care Taker website)**:
  Developed a user-friendly web application designed to bridge the gap between job seekers and those in need of caretaking services using front-end technologies like HTML, CSS, and JavaScript (React.js/Angular.js), and back-end frameworks like Node.js, Express.js. Integrated with databases such as SQL or MongoDB. Developed with Git for version control and RESTful APIs for seamless external service integration

Certifications

- Java - HackerRank (2024)
- Python Programming - HackerRank (2024)
- Programming in JAVA - NPTEL (2023)
- CSS - HackerRank (2024)
- SQL - Cognitive class.aI (2024)
- Git & Githyb - Courseera (2023)
- R-Programming - CodeTantra (2022)
